

HOMEWORK

For this homework assignment, you will interview an adult who uses natural gas or propane in his or her home. This person could be your mom or dad, or an aunt, uncle, neighbor or family friend.

Before you begin, tell the person you want to interview that you're learning about natural gas and propane safety in school, and you need to ask him or her a few questions. Remind the person to speak slowly so you can write down his or her answers.

Name of person being interviewed: _____

Age: _____

This person is my: (circle one)

Mom

Dad

Aunt

Uncle

Neighbor

Family Friend

1. How long have you lived in your house? _____
